

## AICS Search Request Form – Confidential Section

This form is for you to request searches of the confidential section of the Australian Chemical of Inventory of Chemical Substances (AICS).

A search of the AICS cannot proceed unless you:

- list the Chemical Name and/or CAS (Chemical Abstracts Number) Registry Number for each chemical;
- attach the search result showing that the chemical was not found on the public section of the AICS;
- sign the Declaratory Statement at Section 3 confirming that your company has a *bona fide* intention to introduce the chemical(s) into Australia.

A search request form that does not meet ALL of the above criteria will be deemed incomplete, and the request will be returned to you.

Please note, provision of the molecular formula is not obligatory for the search but would assist in cross-referencing.

Please return form to: AICS Manager  
NICNAS  
GPO Box 58  
Sydney NSW 2001

Or fax to: (02) 8577 8888

For assistance completing the form, please call (02) 8577 8800 or freecall 1800 638 528, or contact the AICS Manager by email on [aics.officer@nicnas.gov.au](mailto:aics.officer@nicnas.gov.au).

Please use BLOCK LETTERS.
